

## Technical Data Sheet

# Iron Sentry™ Rust Neutralizer/ Cleaner

### Product Information

The Iron Sentry™ Rust Neutralizer/Cleaner is intended for use as a pre-application treatment to neutralize rust on metal roof surfaces, screws & fasteners and flashing. It is intended to neutralize existing rust prior to encapsulation by The Iron Sentry™ Roof Coating System minimizing rust migration under the new roof coatings.

### Surface Preparation

Surface must be clean, dry and in good repair. Any loose rust, debris, gravel, dust, silt or foreign matter must be removed prior to application by means of sweeping and power washing. Areas where ponding water exists shall be scrubbed with detergent and rinsed clean.

### Application

Iron Sentry™ Rust Neutralizer/Cleaner may be applied by means of HVLP sprayer, synthetic bristle brush or short nap roller.

**HEALTH & SAFETY INFORMATION:** Health and safety information is available in the form of a Material Safety Data Sheet. This literature, describing proper precautions and personal protective equipment is available for review. To receive this information, please contact an MCPU Polymer Engineering representative. Before working with this product you must read and become familiar with this information.

**IMPORTANT:** The information contained in this technical data sheet is offered for your consideration, investigation, and verification. It is presented in good faith and is believed to be reliable. MCPU Polymer Engineering, however, makes no representation to either its accuracy or completeness. MCPU Polymer Engineering makes **NO WARRANTY**, express or implied, with respect to the data contained herein. The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of product evaluations) including any suggested recommendations are beyond our control. Therefore, **IT IS IMPERATIVE THAT YOU TEST OUR PRODUCTS**, technical assistance and information to determine to your own satisfaction whether they are suitable for your intended uses and applications. **YOUR USE OF OUR PRODUCTS CONSTITUTES ACCEPTANCE.** This application-specific analysis must at least include testing to determine suitability from a technical, as well as health, safety, and environmental standpoint. All information and technical assistance is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance and information. Any statement or recommendation to the contrary is unauthorized and shall not bind us.
